

STAND UP TO DEMANDING WORKLOADS AND DEADLINES.

THE BOBCAT B20SU-9 STAND-UP COUNTERBALANCE FORKLIFT

The Bobcat® B20SU-9 electric stand-up counterbalance forklift is designed to power your operations with incredible runtime and exceptional operator comfort. Tough, agile and ready to work, it stands out in warehouses, distribution centers and more.

Excellent Visibility

The B20SU-9 offers excellent forward and upper visibility with its precisely designed overhead guard (OHG) profile, plus an optimized bar thickness and arrangement designed for strength and an enhanced view. The forklift has hydraulic hoses and mast chains, which are strategically placed to provide enhanced visibility. LED work lights are brighter for improved vision in low light situations, and bright blue spotlights help to make other workers aware of your location.

Reliable AC System

The Bobcat AC system ensures quick and powerful acceleration plus smooth, continuous travel for maximized productivity.

Reliable Drive and Hydraulic Motors

Ruggedly designed and built, the individually controlled drive motors and drive units provide essential reliability for the job. The industry-proven AC drive system, motors and controller enable greater productivity with precise handling along with smooth, responsive acceleration and lifting.

Hydraulic Steer Axle Mechanism

The B20SU-9 steer axle design is industry proven and extremely durable, providing long life and lower operating costs.

Dependable Controllers

Curtis® AC controllers provide an unbeatable combination of power, performance and functionality. An IP65-rated controller protects them from dust, debris and liquids.

Operator Comfort

The comfortable operator's compartment includes conveniently located controls and a large, fully adjustable armrest. A padded backrest with lumbar support and grab handle, plus a bright, easy-to-read display, keep operators comfortable and productive.

Auto Tilt Leveling

Angle sensors return the mast back to the vertical position automatically.

Ergonomic Multi-Function Joystick Control

The instinctive control handle provides smooth, proportional control of all the truck's inputs. The ability to operate multiple functions simultaneously increases overall productivity.

The other models in this family include the B15SU-9 and B18SU-9. For more information, go to [Bobcat.com](https://www.bobcat.com)

SPECIFICATIONS	B20SU-9
Capacity	4000 lb. (1810 kg)
Battery Compartment	20.5 in. (521 mm)
Load Center	24.0 in. (610 mm)
System Voltage	36V
Operator Type	Standing
Tire Type	Cushion
Wheels, Load/Caster (x=Drive)	2x/2 (Dual)
Total Service Weight	9325 lb. (4230 kg)
Axle Load at Loaded (Front/Rear)	11,955 lb. (5425 kg) / 1356 lb. (615 kg)
Axle Load at Unloaded (Front/Rear)	4870 lb. (2210 kg) / 4455 lb. (2020 kg)
Overhead Guard Height	88.0 in. (2235 mm)
Wheelbase	48.0 in. (1220 mm)
Tread Width Front	35.1 in. (892.5 mm)
Tread Width Rear	6.7 in. (170 mm)
Outside Turning Radius	57.5 in. (1460 mm)
Tilt Angle Forward/Backward	5°/5°
Fork Size (T x W x L)	1.5 x 3.9 x 41.3 in. (40 x 100 x 1050 mm)
